ARTICLE VIII - HOURS - WAGES - CLASSIFICATIONS

Section 1. Hours

- A. The normal work day shall be any eight (8) continuous hours in a twenty-four (24) hour period. Forty (40) hours work, based on any five (5) consecutive working days, followed by two (2) consecutive days off shall constitute a week's work. Overtime at the rate of time and a half (1 1/2X) shall be paid for work performed after eight (8) hours in a twenty-four (24) hour period and on the sixth (6th) consecutive day of a week, double (2X) time shall be paid on the seventh (7th) consecutive day of a week.
- B. Any employee who is required to remain on the premises of the employer or any shop location shall be paid for all such time, including overtime regardless of whether or not work is performed. In the event that such an employee is required to remain on the premises more than eight (8) hours, then the overtime rate shall apply.
- C. Any employee called back to work without an eight (8) hour rest period between shifts shall be paid at double time (2X) for all call back hours, with the exception of a Safety meeting, whereby the Company agrees to pay the employee at his or her normal rate of pay for the duration of such meeting.

Section 2. Classification Duties:

Fixture Cleaner:

(a) Cleaning, washing, destaticizing and relamping of electrical fixtures and ceilings, including luminous and other types of diffused area lighting, together with the necessary removals and replacement necessitated thereby, which do not illuminate signs.

Fixture Cleaners, who have been properly trained and are designated by management, may change lighting fixture ballasts when outages are discovered during the course of washing and relamping. This shall not include illuminated signs or lights that illuminate signs. In such cases, the designated Fixture Cleaners will be paid a minimum Service Worker's wage classification.

Service Worker:

Must demonstrate and prove knowledge and experience related to electrical installation and be able to perform lighting maintenance duties including internal fixture wiring, sockets, ballasts, lamps, and due cleaning thereof, interior and exterior electric lighting fixtures, including luminous ceilings and other

types of diffused area lighting, together with due necessary removals and replacements necessitated thereby; such work will not include the maintenance of any lighting fixtures that illuminate signs. The Company agrees to establish guidelines reviewed by the Union when hiring service workers.

Section 3.

Wages:

January 1, 1993 - Ratification Bonus - \$350.00 net for all classifications.

The Ratification Bonus will be subject to applicable local, state and federal taxes.
